YWCA IS ON A MISSION

PRESIDENT'S STATEMENT

Dear Friends,

YWCA of Central Virginia is delighted to present to you the 2017-2018 Annual Report for the past fiscal year. The mission of the YWCA to call for the elimination of racism, the empowerment of women, and the promotion of peace, justice, freedom, and dignity for all.

This organization is focused on creating safe and secure places for members of our community. The Domestic Violence Prevention Program continues to thrive in our community and provide key resources for the women, children, and men who are survivors of domestic violence in Central Virginia. The Sexual Assault Response Program (SARP) furthers our work in health and safety by providing critical resources for Central Virginians who are victims of sexual assault. Finally, our Town Center Women's Residential Housing Program is the only housing created for low-income single women, and we have been continuously housing members of our community since 1918!

As we look back on the last year, we are overwhelmed with thankfulness for the excellent staff who work day in and day out to provide direct services to our community, but we are also overwhelmed with gratitude for our donors and supporters whose generosity allows us to do this needed work. On behalf of our clients, staff, and volunteers, thank you for making the YWCA of Central Virginia one of your priorities. You are helping to eliminate racism and empower women each and every day.

SARA BOND

President, Board of Directors

WHO WE ARE

The YWCA is the oldest and largest multicultural women's organization in the world.

YWCA of Central Virginia was founded in 1912 by an amazing group of women. These same women went on to raise the funds to erect a building that would provide safe and affordable housing for women and would support the mission of the YW throughout the community. In 1918, our Town Center building in the City of Lynchburg opened its doors and we have been opening doors for the women, children, and families of Central Virginia ever since. In fact, the YWCA has never closed; not one day in over 105 years!

Since 1912 the YWCA has grown and adapted to meet the needs of our community. Today we serve thousands of women, girls, men, boys, and families each year through our programs, opening doors every day. Our service area encompasses seven counties and two cities; an area of 4,440 square miles with a population of over 410,000 community members.
